Persons with disabilities who require alternative means for communication or program information or reasonable accommodations need to contact Debbie Titus at least one week in advance at P.O. Box 400, Marsing, ID 83639, 208-896-4104, or owyhee@uidaho.edu.

Teaching Staff:

The Lost Rivers Grazing Academy was developed by faculty of UI Extension, several of whom will serve as your instructors. They include Extension educators Scott Jensen and Shannon Williams, as well as Extension forage specialist Glenn Shewmaker, and retired agents Chad Cheyney of Butte County and Jim Hawkins of Custer County.

A featured speaker is grazing lands consultant Jim Gerrish of American GrazingLands Services LLC of Patterson, Idaho. Gerrish consults world-wide on grazing management and has written grazing columns for *Stockman Grass Farmer*. He has authored the books **Management-Intensive Grazing** and **Kick the Hay Habit**. You won't find anyone with more practical experience in forage management and live-stock grazing than Jim.

Participation Costs:

Full-time (includes continental breakfasts, lunches, suppers, breaks, one set of materials per ranch or farm, plus evening presentations):

- Per person: \$550
- Per ranch/farm team: \$550 for first team member and \$450 for each additional member (1 set of materials)

Day-time only: \$175 per day or any part

Alumni: \$350 (does not include materials)

Additional materials: \$125 per set

University of Idaho graduate level or professional development credit available for an additional fee.

For More Information:

Scott Jensen, UI Extension Educator,
Owyhee County at 208-896-4104, or
scottj@uidaho.edu in Marsing

Chad Cheyney, UI Extension Professor
Emeritus at 208-940-0222, or
ccheyney@uidaho.edu in Arco

LOST RIVERS GRAZING ACADEMY

September 12 - 15, 2017

Salmon, Idaho

A boots-on-the-ground workshop for livestock operators who want to increase their forage production, stocking rates, animal performance, and net income by letting their livestock harvest the sun's energy through their feed.

University of Idaho
Extension

Who Should Attend:

- Producers of beef and dairy cattle, sheep, horses, and other domesticated grazing animals
- Professionals working in livestock-related industries

How You Can Benefit:

- Enhance your grazing-management skills and improve your forage and livestock production
- Reduce the dollars and hours you spend fertilizing, harvesting, and feeding hay
- Increase your animal units and net income
- Improve deteriorating pastures
- Gain a foundation of knowledge from which to launch a new livestock operation
- Learn sustainable practices that will maintain and improve the productivity of your ranch

Learn How to:

- Design grazing cells and determine appropriate stocking rates
- Design water systems
- Design and build permanent and portable electric fences for use under center-pivots and wheel lines
- Minimize animal stress during handling
- Stockpile standing forage and draw on animals' "fat banks" to reduce winter feed costs
- Devise custom-grazing leases
- Develop a ranch economic plan

Location/Travel:

The LRGA will be held at Eagle Valley Ranch in the beautiful Salmon River Valley. At about 4,000 feet elevation, weather is changeable, so come prepared for anything from sunshine to snowflakes—but schedule your recreation for before and after the workshop, because we'll keep you fully occupied. All days begin at 8:00 a.m. with continental breakfast, and the noon meal may be a working lunch.

Salmon is located 133 miles from Missoula, 169 miles from Idaho Falls, 218 miles from Pocatello, and 255 miles from Boise. If you'd like to fly directly into Salmon, contact Salmon Air (208-756-6211) for details.

Salmon motels include the Stagecoach Inn (208-756-2919), Salmon River Motel (208-756-8880), Sacajawea Inn (208-756-2294), Bear Country Inn (208-756-1499), and Wagon West Motel (208-756-4281). Bed and Breakfasts include the Greyhouse Inn (208-756-3968), Solaas Bed & Breakfast (208-759-3902), and Syringa Lodge (208-756-4424).

The University of Idaho is an equal opportunity/affirmative action employer and educational organization. We offer our programs to persons regardless of race, color, national origin, gender, religion, age, sexual orientation, or disability.

What Our Graduates Say:

"It opened my eyes to how productive I had better be as a rancher. I will never look at a blade of grass the same way again." **Todd Holbrook, Bancroft, Idaho**

"It was as good of a school as I've been to. You can take what you've learned back to your own place. It makes a big difference. We're probably feeding a third to a half more cows under our pivot and it's brought in at least a fourth more income." **VerNon Roche, Mackay, Idaho**

"People are amazed by how much grass I can grow on the ground that I've got. I run 300 cow-calf pairs on 11 paddocks and I can keep them on grass until the middle of November before they have to be supplemented with hay." **Nancy Chester, Challis, Idaho**

"This program changed our life. We used to spend summer nights baling hay and worrying about every passing storm. Now we sleep at night and are thankful for every bit of moisture that falls." **Barbara Redd, La Sal, Utah**

Additional Comments. . .

- This class was hands on and very discovery based. I am used to attending audio/blah blah classes. The LRGA format was awesome!
- It was an unbelievable amount of excellent and useful information packed into 4 days of fun! It exceeded my expectations.
- This program is great. It should be mandatory for every person that has livestock that graze.
- The program went beyond my expectations. The material was very high-quality. The reference materials provided were unexpected. Time was balanced well between field and class. I had fun, and the food was great! Very organized, polished, highly valuable class.
